

Harrison Central School District
Summer Writers' Institute 2019:

COLLEGE ESSAY WRITING REGISTRATION FORM

The college essay is an integral part of the application process. Even though our ELA program focuses on developing writing skills for your future, the development of the college essay requires specific skills for a type of writing. For that reason, our district offers the **Summer Writers' Institute: College Essay Writing Workshop**. You will have the opportunity to write, fine tune, and complete this portion of your college application with English teachers experienced in this type of writing. We encourage you to take advantage of this great opportunity.
