Dear Parent/Guardians of LMK Students:

In an effort to support those wishing to get a head start on planning for the upcoming school year, your child's grade level supply lists are posted on our website. This list includes general and subject specific supplies. During the school year, students and faculty at LMK use electronic devices as learning tools on a daily basis. We have a blended environment using digital and traditional resources. We ask that your child/children bring an electronic device to school so that they may be integrated into the learning process. Devices will be used to access information on the internet, as well as allow for students to complete work through productivity applications.

The choice of device may differ based on comfort and availability. If you do not currently own a device and would need to purchase one, we highly recommend purchasing a chromebook. A chromebook is what teachers currently use and work seamlessly in the google classroom environment used in our school. Macbooks and other PCs will work as well, however we request that you do not use a Ipad/tablet. We continue to make appropriate adjustments and enhancements to our code of conduct and our internal networks and filters. These measures and our advisory and digital design classes will help students safely navigate the world of social media and web based applications.

As always if there is a need for financial assistance, please contact Ms.Colosimo, Mr. Spector or me. All requests are strictly confidential. If you have any questions regarding supplies and materials, or questions that may have arisen as a result of this letter, do not hesitate to contact one of our two assistant principals, Natalie Colosimo 630-3034 and Scott Spector 630-3039 or me at 630-3031.

Sincerely,

Scott Fried
