ROBERT SALIERNO
Assistant Superintendent for Business

August 31, 2010

Dear Parent/Guardian,

We hope that you had a happy and restful summer break and that you are excited about the beginning of a new school year. During the summer months many changes occurred throughout the District, not only physical changes, but changes in process and procedure. One change that we want to point out is the change to the policy that governs the school lunch program. Beginning September 2010, the ability to charge the cost of a meal to a student account that has either a zero or negative balance will no longer continue.

In order for a student to receive a school lunch they must either have a positive account balance, have cash or be approved for the free and reduced meal program. If families are experiencing financial hardship they can apply for confidential assistance that insures the family and children complete privacy. For questions call Jane Kelleher at 630-3010.

We do offer a system that allows parents/guardians to fund their child's accounts either on-line or via check so future meals can be deducted from their prepaid account. You may add funds to your child's lunch account by going to www.mynutrikids.com. There will also be a separate detailed mailing on this arriving shortly that is accessible through our district website www.harrisoncsd.org.

If you have further questions on funding please call the cafeteria office at 630-3114 or 630-3012 District Treasurer.

Thank you and have a great school year.

Sincerely,

Robert Salierno
Assistant Superintendent for Business
