REEF Green TIP of the week: Don't let heat escape from your house over a long period: when airing your house, open the windows for only a few minutes. If you leave a small opening all day long, the energy needed to keep it warm inside during cold months 10c or less outside temperature would result in almost 1 ton of Co2 emissions.

For anyone who would like to purchase an eco-friendly, re-usable water bottle, please speak with a REEF club member or Dr. Tyler in room D214.

Essay contest forms are posted in the library, for more details see Mrs. Riccio in room B104.
